““On the Road to Deplatforming...”

“REVERSING COURSE, AGAIN!...”

After a series of rather ugly exchanges with dear, old (he is you know) Emil on the buffering Skype Conference Calls, strange, threatening emails from untraceable IPS that Carl (WWWG's Computer Guru) explained that their trail disappeared deep in Western China and long conversation with our friends (how can I say this nicely) that are rather deeply connected to various CCP Tong Groups...all advising us to cut our links with a (what seems sadly now) very troubled Emil while we are still in business; we agreed to go ahead with Emil's vision for this edition.

To be truthful, it really wasn't we agreed but the first three editions were all taken down or “CANCELLED” within mere hours of posting.

“A TWOFUR...YIP!”

Two for the price of one! In fact, 110 for the same!!! Check out this crazy deal from my corporate, evil, swine masters - the brainchild of their head socialist accountant (Mister Chuckie) and his minion of ex-CCP Communists and Skip Tracers that pose as his accounting staff... So much for living on my commissions!

Hey Chuckie Chuck...

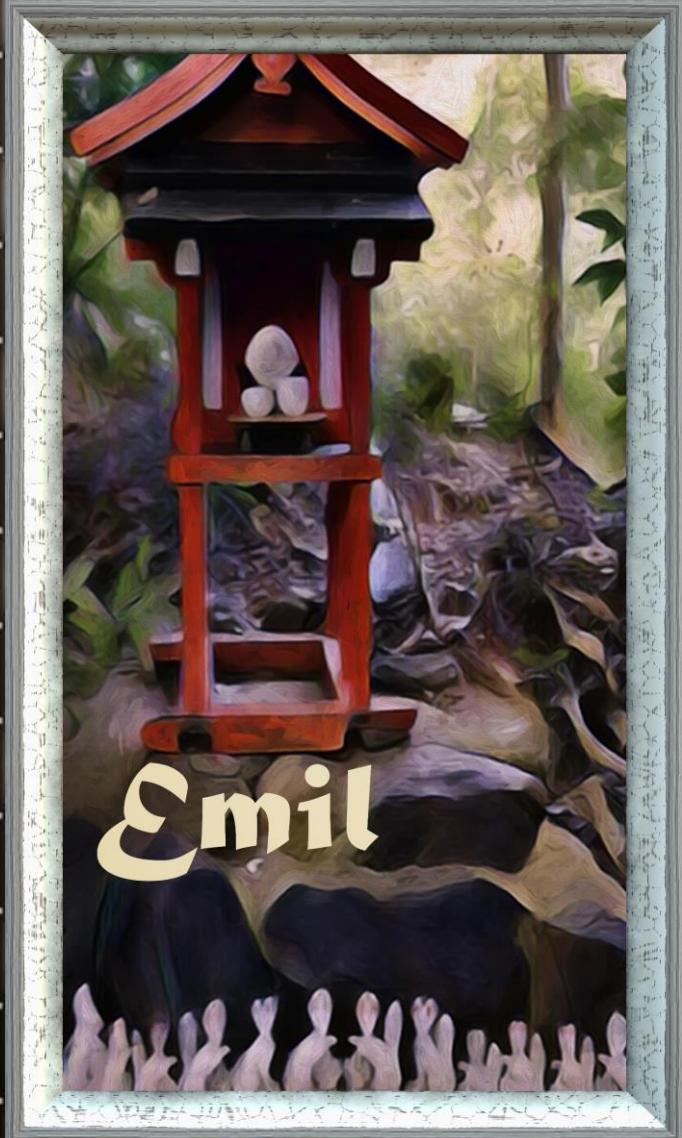

What is the commission on "0????"

I will not bother you with Seine's and his corporate doublespeak nor will I try to impress you with their sales and marketing charts...as they didn't do anything more than piss-me-off! They need to be thankful and I truly credit the plague virus for saving them from a first rate, old-fashion tongue lashing!!!

“A TWOFUR...YIP!”

It might NOT be that peaceful of a protest...

What a world that we live-in???

Bizarro World...Where former communists turn
socialist accountants that would give true
capitalists to shame!

Free Enterprise...the creative mind...the truth
is so trashed that Orwell would just shack his
head and call "2020" nothing more than a
trashy, third-rate and totally too far reaching
fiction!

What shall we do?

Who can we call?

How can we deal with living in that third-rate
fiction novel (in real life) and former CCP Thugs
and their corporate masters are the heroes
and the starving artists are the villainy,

Revolutionaries who must be economically shackled and punished for their mere call for Thomas Paine’s “Common Sense”????

Given all this!

Don't buy these books!

In the immortal words of my early guru master
Mr. Bernard Trink
(famed columnist for the Bangkok Post)...

“I Don’t give a HOOT!”

Up the Revolution!

“Let it be!” or NOT???”

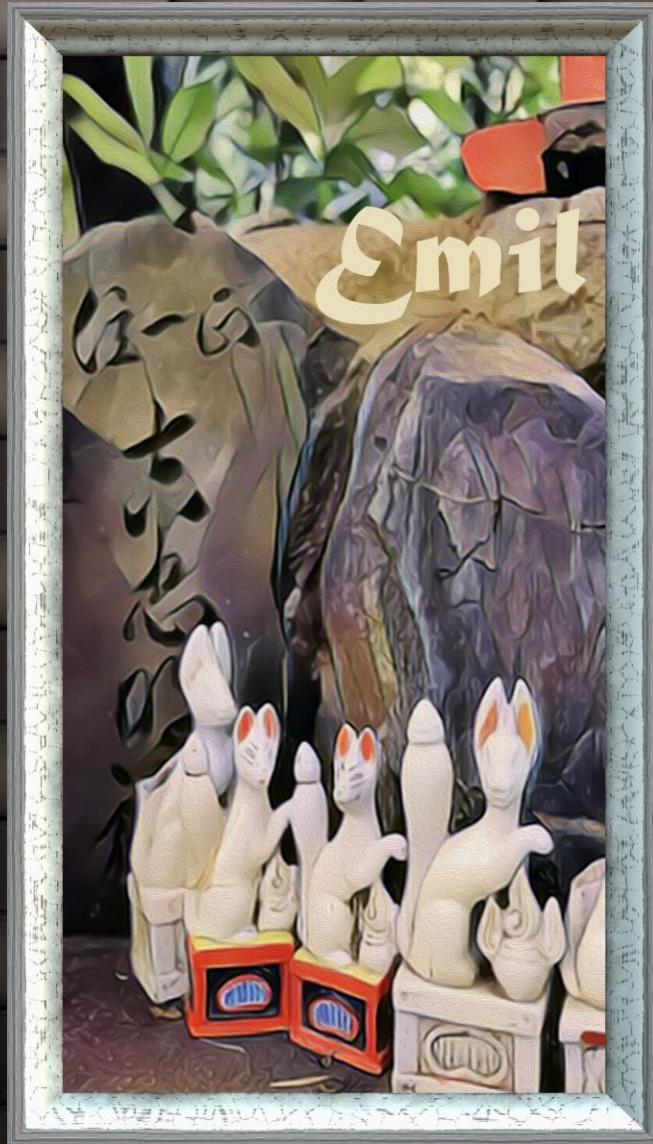

That is what everyone says and maybe they are right or maybe, they are apart of some deeper conspiracy to silence me...

Unlike dear old Uncle Joe, I did march to Pretoria and to Birmingham for that matter, too! I hosted Freedom Riders in my home when they were not allowed a place to say... So to have some little Twitter Thugs calling me a racist from the safety of their roaming mobs of rioters or the safety of their command bunkers in their mom's basement crib; to me this is really offensive and embarrassing for them as they have not done any of this to actually create civil rights or live true to MLK's dream like I have...

They are like total bubble gum pop while I am a hardcore rocker on the issue of Civil Rights...Dig it Dude???

“Hey...Twitter Twits, how can I with a family background of German Jews who all went to their death in the concentration or labour camps of the 1940's...How can I be a NAZI???”

Least we forget...you might have not got that far in your school's history class but...the original "CANCEL" Culture was the Nazis...Duh! So, my little WOKE kiddies...if you support "Cancelling" me are you not the true Nazi???? Think about that???

Smoke it if you got it Bro!

“Let it be!” or NOT???”

After long bitter bitch matches with the socialist (all or for a large part, former CCP Communists that are running dogs for Mister “Chucky” Charles) accounting department here at WWWG; I agreed to suck it up (Seine says I can't say this in Singapore under the moral, publishing laws but...I just did...SORRY!!!!) and reinvent this to be a picture book of my favorite fotos in this Year of Plague and I just have to say (upfront) that the plague shall pass but, will our FREEDOM ever return?

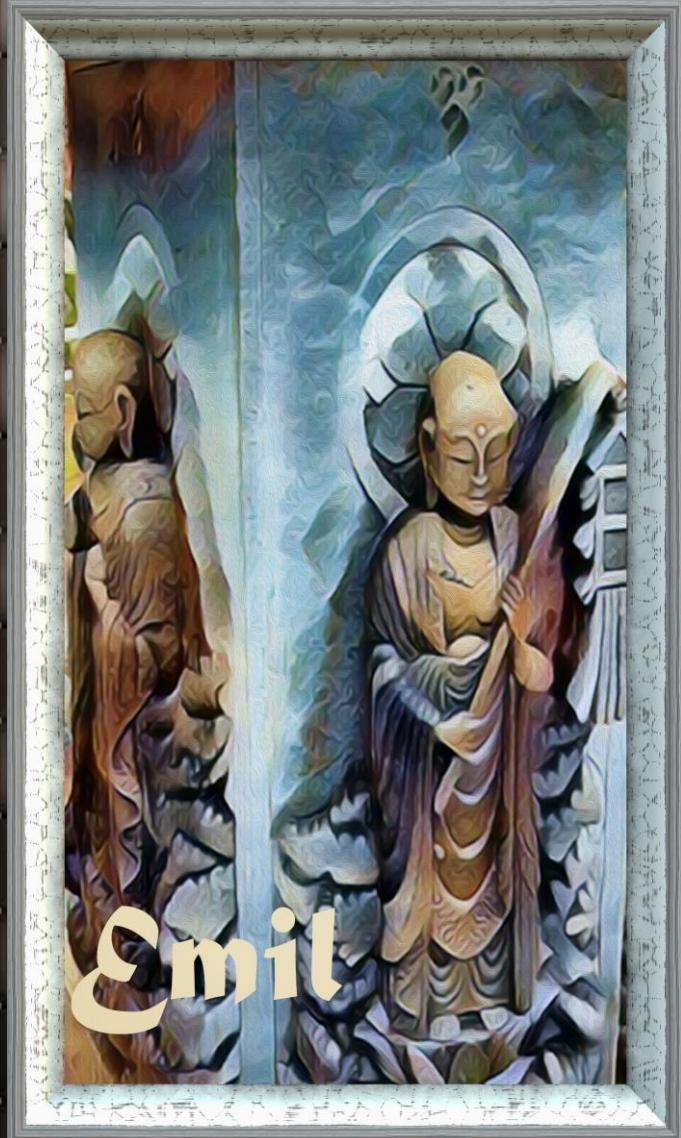

Somehow...I expect NOT! Instead of the definitive book of the generation on the gangsters who stole our collective soul...I gave you a pretty picture book...instead...

Sorry Bros!

“CANCELLED...WTF???”

This edition has been complete for several weeks and was designed to show all of the lying WOKE Warriors of Twitter that I had been in the forefront of sounding the alarm on this evil plague virus as early as 19 November 2019 when I first saw pictures of CCP Soldiers in full hazmat suits screening people with heat sensors.

Of course, the WOKE Warriors and their Capitalist, Wall Street Puppet Masters (always loved that term – came from Larry Nichols ya know?) decried that I was a racist (which was among their nicest observation) or that I was wrong in what I saw.

Full Hazmat suited soldiers screening for what was being called by my little buddies in the

CCP as merely a “few people have got the flu!” didn’t look or seem right and the more I started to look at web video coming out of China showed that there was something worse than the flu going on there...

YES! I did use a grain of judgement as most of what I got was being filtered through people I have known for years in Hong Kong (who for very serious reasons will not be named here...) and I understood that they had cause to be bias but, I trusted the volume that I was getting and the fact the strangers were rather serious about shutting me up...This volume worked you through all this and I must say; I was rather proud to show all those Twitter Trolls that I was in the vanguard of all this by reading, researching instead of attacking.

“CANCELLED...WTF???”

Three times the original version of this book without warning or complaint just disappeared from various and completely unrelated web locations all across the world...No reason(s) given...just gone, thank you very much!

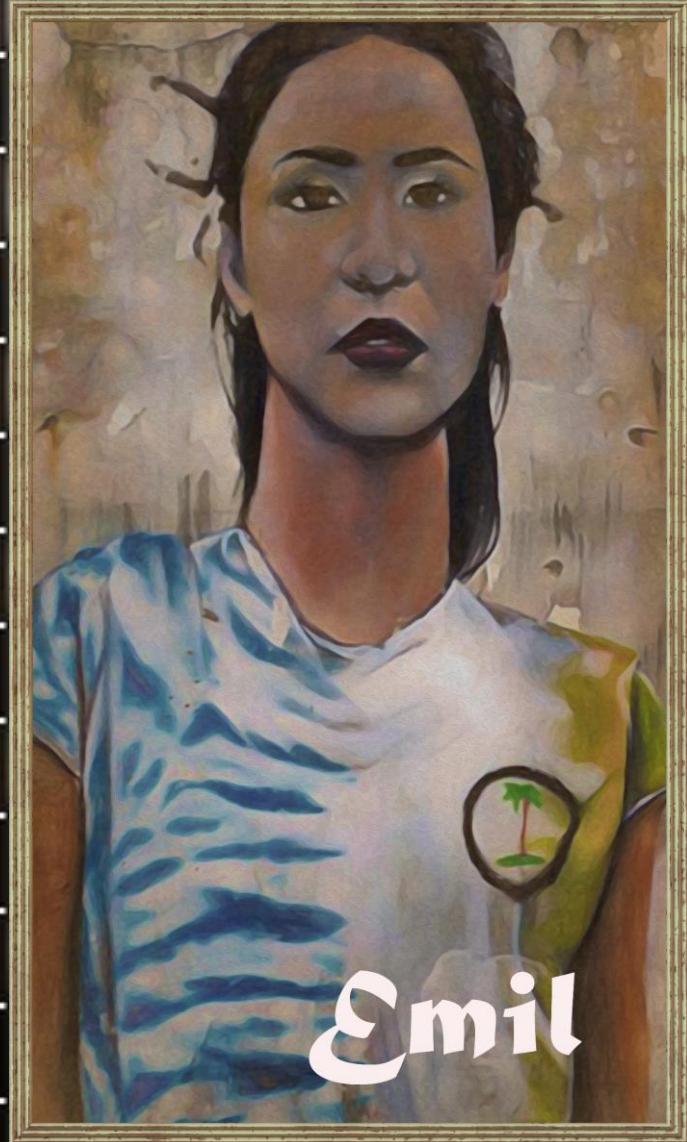

It seemed very coordinated...a systematic strike out against the TRUTH of what I said... Seeing that I was nobody important or as my dear CCP buddies and their army of helpful (seems to be rather well paid – just hope for them it ain't in Chinese Bitcoins!) minions following the script testified to “Emil's has a Shady Character...” or to “Remember, Emil's extensive anti-social record;” no one came to my defense other than to say...

About EMIL WEST

Welcome to all fans (all five or so of you) of Emil's doodles and we hope you will enjoy this new catalog of Emil's available art.

Emil had other ideas as to what the title should be and even though, they were clever and not without merit; Charles (WWWG's Financial Guru) won the final selection with the argument that we might create a new market for

WELCOME BACK!

This edition arrived badly wrapped, as usual, it arrived with postage due and seemed to be leaking some kind of power...

It raise the concerns of our local postal authorities who suggested that we allow them to blow it up to be safe...

Luckily, I saw what resembled one of Emil's PO Drops and I kindly declined the offer to blow the package up... Had I not talked the postal authority down, then you wouldn't have the pleasure to have this new collection of Emil's consistent fascination with things China.

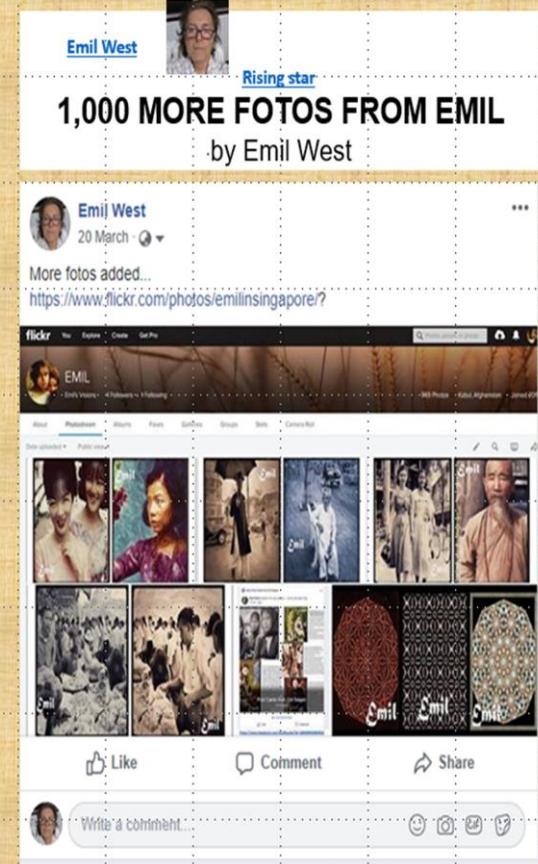

Considering China's bad blood with all things Emil, it is beyond a strange topic, indeed!
